

SKYLARKS NURSERY

What if.....??

Nursery Newsletter: Term 6 2024

This term we are developing our imaginations through our topic of 'what if.....?' We will be following the children's interests so that they can help to plan their own learning. We may be learning about dinosaurs, pirates, superheroes, fairies, castles or space.

In this topic the children will be able to join in with a wide variety of small world and role play activities. We will use songs and stories to help develop this.

There's a dinosaur
That's not my dinosaur
10 little pirates
Whatever next
5 little men in a flying saucer

Maths

Our focus this term is:
Singing the numbers in songs,
Looking at size and shape
Saying numbers in order
Spotting when something is taken away.

Please support this learning at home too.

Personal and social skills

This term we will develop our independence skills further. We will think about using resources in different ways and developing our imaginative play with our friends. We will talk about expressing our preferences and decisions and continue to develop friendships with those in our group.

Speaking and listening

This term we will practise using imaginative talk especially in role play and when playing with the small world.

We will develop our vocabulary and learn new words relating to the theme.

We will join together in a group to listen to stories and work on understanding longer sentences.

Towards the end of term we will be having a dressing up day which ties in with our theme. You can be anything that you can imagine. What if you were a pirate, mermaid, spaceman, monster, princess, dragon, fairy or any other wonderful ideas you have. Please do not buy anything special for this use what you have creatively.

As the weather begins warming up, please remember to bring a named sun-hat. Long lasting sun cream should be applied before coming to Nursery. 30 hour children may bring in a bottle to reapply at lunchtime.
