Subject – History

Our Curriculum Partners for History

Knowing More and Remembering More

Opportunities for retrieval practice are included in History lessons using the academy timeline and other resources from our curriculum partners to ensure knowledge is transferred into long-term memory. Retrieval activities may require children to remember learning from the previous lesson, previous topic or even previous year to ensure the retrieval strength of powerful knowledge is high. Additional opportunities on interactive programmes, such as Bedrock and Kahoot, enable children to revisit key topic vocabulary.
