

What can you do Down Under?

Year 2: Term 3 2019

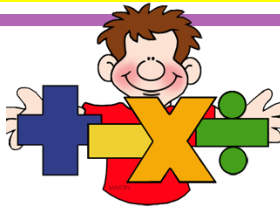

This term our focus will be on finding out about Australia. We will compare the animals, weather, landmarks and people's lives to those in Britain. In ART we will explore the skills and techniques for drawing. We will look at how to use shading to create texture and use this to help us draw Australian animals.

In RE we will continue to find out about the Muslim faith

Maths

This term we will look at measures. We will explore how to pay for given items using a range of coins and how to calculate change. We will explore 3D shapes and name and describe them using the correct mathematical language.

English

We will be exploring the work of Michael Morpurgo.

We will also explore the DreamTime stories told by Aborigines.

Grammar, spelling and punctuation

We will explore the range of punctuation we can use in our writing and the features of each sentence type—

Exclamation, statement, command and question.

Science

In Science we will explore animals and using our fantastic observational skills to describe them. We will look at food chains within a given environment discuss how plants and animals are reliant on each other within a habitat.

PSHCE—Dreams and Goals

We will be looking at setting ourselves goals and the steps and motivation needed to achieve the goal.

Key Dates

11/01 Australia Day

1/2 Yr2 Dance Festival—
